Attending to the red Vinho Verde unique characteristics, this is a fully gastronomic wine. This means that wine should be served exclusively during a meal. This wine makes an interesting pairing with strong flavored foods and heavy (fat) dishes from traditional cuisine. (e.g. Roast Pork, traditional Portuguese cuisine).

It should be served between 14°C to 16°C.

Due to its high colour concentration it is normal to find sediments in the bottom of the bottle.
